

# EMPLOYEE SPOTLIGHT

**AMS**  
AIR MERCY SERVICE

Lilitha joined the **AMS** team earlier this year as a **Finance Intern**. Having recently completed her N6 qualification at False Bay College, we are delighted to welcome her to the team and look forward to supporting her as she navigates this new chapter of her professional journey.

**LILITHA NOQUQA**

**Changing Lives. Saving Lives.**

# INTRO

## Home: Where is it and what does it mean to you?

"...Home is where my heart feels at peace; it's a place where I don't have to constantly worry about my next steps. That grounding place is Esikhobeni, a small village in Mthatha in the Eastern Cape."

"...It is the very place where my grandmother was born and raised, holding a deep family significance that keeps me completely connected to my roots, my identity, and my sense of true belonging."

# MORE ABOUT LILITHA

**How would you describe what you do in your role to someone unfamiliar with your profession?**

"I act as a vital support system for the finance team by assisting with daily transactional processing, maintaining accounting records, and contributing to routine financial reporting.

My duties bridge the gap between theoretical finance and real-world, operations."

*"My name means 'the light of the family', which is something I take immense pride in carrying every day."*

**If your life had a theme song, what would it be?**

*"Like You by Tatiana Manaois, it is a constant reminder to value my uniqueness, stay resilient, and believe in myself through every challenge."*

**What aspect of the AMS purpose  
inspires you the most?**

"It is the absolute commitment to humanitarian values. I deeply admire the dedication to serving underserved communities and ensuring that life-saving healthcare is never limited by geography or circumstance."

**What has been one of your most  
rewarding experiences since joining  
the team?**

"It was being trusted to assist with monthly reconciliations and reporting processes. This experience allowed me to see how internal financial controls support the organisation's broader operations, while helping me develop confidence in meeting departmental deadlines.

Realising that the accuracy of my financial data entry directly supports aero-medical operations reaching remote communities gave me a profound sense of purpose. It showed me how attention to detail in finance directly enables our humanitarian mission to succeed."

How do you unwind and clear your mind after a busy week?

“I rely on the simple joy of human connection, heading out, laugh, and catch a vibe with close friends while listening to great music.”

What advice would you put on a billboard for the world to see?

“BE KIND,  
IT  
COSTS  
NOTHING.”
