

AMS
AIR MERCY SERVICE

EMPLOYEE SPOTLIGHT

Monde Mgibantaka serves the **Air Mercy Service** as a Hangar Assistant and driver across our Eastern Cape bases. By keeping our hangars and aircraft pristine and assisting during fleet maintenance, Monde ensures our flight crew take to the skies safely.

MONDE MGIBANTAKA

Changing Lives. Saving Lives.

INTRO

How long have you been with AMS, and what makes the team at your base great to work with?

"I have been with the organisation (AMS) for two years and seven months. Good communication and trust are what make my base team special to work with, especially our pilots."

What is one song, or quote that captures the energy you bring into this base?

"Philippians 4:13 — 'I can do all this through Him who gives me strength.'"

MORE ABOUT MONDE

How would you describe what you do in your role to someone unfamiliar with your profession?

"As a Hangar Assistant, I keep the hangar and our aircraft spotlessly clean, while driving between our bases in Mthatha and Gqeberha (PE).

Whenever maintenance is underway, I step in to help wherever I can to keep operations running smoothly."

"Watching both teams prepare with so much determination makes the work look truly enjoyable. I take pride in contributing my part to ensure they fly in a clean, safe aircraft."

What brings you the most pride when supporting AMS life-saving missions?

"Once while driving the AMS bakkie near Idutywa, an elderly man in his 70s pointed at the bakkie, then up to the sky, and back to himself. I realised he was telling me he was once saved by AMS. Seeing that impact gave me immense pride in the work we do."

PERSPECTIVES & PURPOSE

"Growing up, I never dreamt I would be working right alongside helicopters. It taught me that no matter how daunting a path looks, nothing is impossible once you set out to do it."

Outside of work, what is a
creative craft, hobby, or
talent you love doing?

"Outside of work,
one of my biggest
passions is music
and singing!
Whether I'm
unwinding or
keeping my energy
up, music is
always a huge part
of my life."

How do you switch off
after a busy day?

"When I leave the workspace
behind, my go-to way to
completely recharge my
batteries is simply putting on
Netflix, enjoying a good meal,
and getting some restful
sleep."

What advice would you put
on a giant billboard for the
world to see?

"IN LIFE,
SOME
THINGS SEEM
IMPOSSIBLE
UNTIL THEY
ARE DONE."
